

INDIAN WATER WORKS ASSOCIATION, MUMBAI CENTRE

Webinar on **SOLID WASTE MANAGEMENT** 30 APRIL 2021, 6.00 PM

Rapid growth of population and industrialization have led to an increase in the quantity and complexity of generated waste which is degrading the environment. India's waste generation will be 11,95000 TPD by 2050. At present Maharashtra's waste generation is highest.

Indian Water Works Association, Mumbai Center is organizing a webinar on this burning issue. This Webinar is focused on Best Practices in small towns and metro cities for sustainable waste management.
